

## Connect to JMLS Wi-Fi: Android

1. On your Android device, navigate to your **Settings** and ensure that your Wi-Fi is on. Select **Next**.
2. Select the **JMLS** network and type in password **PracticeReady** (password is case sensitive!).

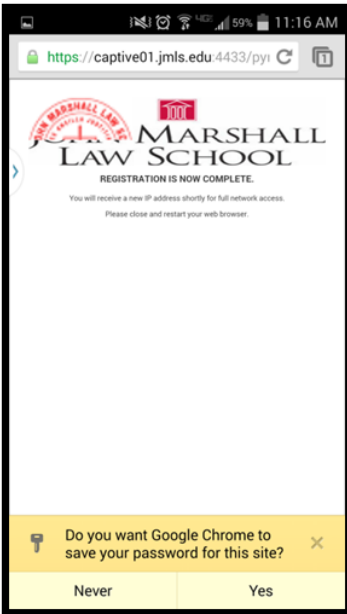

3. Open a web browser, which will autload the JMLS portal. Read the Acceptable Use Policy, and click **Accept**.
4. After accepting, you will be prompted to log in. Enter your **JMLS username and password**.

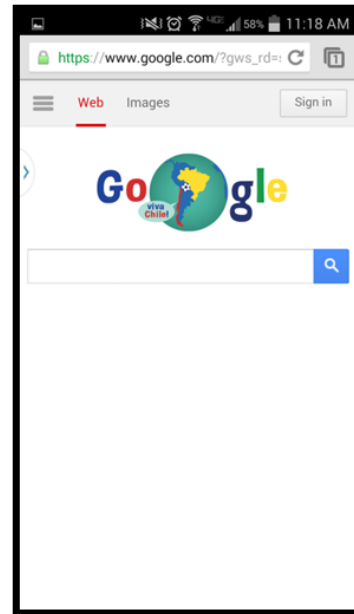

5. After you have logged in, you must close your web browser, **wait 60 seconds**, and restart.

6. After restarting your browser, type in any URL (e.g., google.com) to ensure that it loads. If so, you are connected to the internet.

## Questions?

For additional help, please contact the **ITS Help Desk** by creating a ticket in the Help Desk Portal at [helpdesk.jmls.edu](http://helpdesk.jmls.edu), phone at 312/427-2737 x550, email at [helpdesk@jmls.edu](mailto:helpdesk@jmls.edu), or visit us in room 733, 7th floor (via the main State Street elevators or stairs from the 6th floor just outside the library).
